COAL

We expect to have some coal by October 1st.
This does not mean that everyone can get all the coal they want for winter use. We will deliver this coal as equitably as possible in small quantities. Emergency cases to be taken care of first. We still advise buying wood and using wood as long as possible. We have plenty of wood and soft coal. Don't get excited but try and make the best of a bad situation and we will all help one another.

Phone 450 Calder & Richardson Depot Square
